Services

We recommend getting your bike serviced every 6 months if you use it all year round, this will ensure it keeps running smoothly and does not let you down mid-ride. Picking up minor faults during a service can often prevent expensive damage later on.

All prices include VAT but exclude replacement parts.

Service prices	(WOR1) Safety Check From £40.00	(WOR2) Standard From £80.00	(WOR3) Full From £160
